## JVCS Early Ed Program Openings

Read these comments from current parents of our Early Ed students.

*"I would recommend JVCS Early Ed because the curriculum is challenging and diverse. Kids are able to experience free play and Bible studies in a way this is not offered anywhere else in town."*

*"We love the early exposure to biblically based academics and the structure and routing implemented. We also love the hands-on learning and exploring."*

We are nearing the maximum number of students we can enroll in our Early Education classroom. If you know of preschool aged children who would like to register, have their parents contact us or complete an online application.
