Gym Maintenance

After 26 years of heavy use, our gym needs important maintenance. The wheels under the bleachers are deteriorating and damaging the floor. We also need to repair two adjustable basketball hoops that serve younger athletes.

The company we have previously worked with estimates the cost will be about \$10,000 though additional needs may arise.

Our gym serves students and the community every day. If you'd like to support, have questions or would like to know more, please contact Jory Wipf or Mr. Engel, by calling the school.

We continue to be thankful for the support we receive from our community!
