Executive Committee Meeting Highlights

The Executive Committee met to review administrative and financial reports, providing an opportunity to assess current operations and discuss priorities for the coming year. The Athletic Director presented his annual report on the athletic program, highlighting its activities, progress, and ongoing needs.

The Committee also engaged in strategic financial planning for the upcoming year, with particular attention given to tuition considerations and donor development efforts. These discussions focused on strengthening the school's financial sustainability while remaining attentive to the school's mission and the needs of its families. A proposal to open a separate bank account to manage monies for the music and drama activities was declined and deemed unnecessary at this time.

Evaluative standards for the Head of School were established in the form of SMART goals in three primary areas: (1) increased enrollment and donor development; (2) leadership, communication, and accountability; and (3) financial and operational stewardship.

The meeting concluded with prayer for the school.
